We are constantly improving upon our www.wvaexpo.com site.

On the site there is an interactive directory that allows exhibitors to "submit a listing". This feature will allow you the vendor, to create your online listing in seconds. Simply click on the "submit a listing" icon on the exhibitor's page and fill in the necessary fields. You will also be prompted to upload a company logo. Logos should be large in size for optimal resolution, if your logo is extremely large, don't worry it will automatically resize for the best results. All exhibitor listings will be approved before they are live in the directory.

This listing tool will give customers the opportunity to interact with your company by seeing what booth you are in and even viewing an interactive map to see your exact location.
